Construction Impending Notice

July 13, 2021

Re: City of Meadow Lake – 2021 Street Improvement Program

Highway 4 extending beyond 1st Avenue West and 9th Avenue West

Dear Resident,

Please be advised that ASL Paving Ltd. has been contracted by the City of Meadow Lake and will be completing repairs to **Highway 4 extending beyond 1st Avenue West and 9th Avenue West** on approximately **July 21, 2021**, and tentatively being completed by **August 15, 2021**, weather permitting.

The project will consist of Five (5) phases that include the following:

- Phase 1: Removal of existing Asphalt and Granular structures.
- Phase 2: Installing weeping tile along existing gutter.
- Phase 3: Subgrade Prep on existing sub-grade and install geotextile cloth.
- Phase 4: Granular base course placement and compaction.
- Phase 5: Paving asphalt course and tin-ins.

The anticipated hours of work will be from 7:00 am to 7:00 pm Monday through Saturday.

Please be advised that the intersection of Highway 4 and 1st Avenue will be **totally** blocked when it is in the full depth rehabilitation stages. Both East and West service roads will be used as detours for part of the project. The rest of Highway 4 will continue to allow traffic during construction, just not the intersection with 1st Avenue.

We request that all vehicles and/or equipment keep clear of the service road for the traffic as much as possible. Emergency access will be maintained at all times. Message boards and Detour signs will be placed throughout the area to show motorists how to avoid the construction site and the workers.

Please keep all pets and children away from construction and construction equipment.

The City of Meadow Lake and ASL Paving Ltd. appreciate your patience and cooperation in this matter. If you have any questions or concerns during construction, please contact:
